

**Sharing of Draft Report:  
Component 1,2 & 3 of “Multi-Hazard Risk and Vulnerability Assessment (HRVA)  
for City of Cuttack, Odisha “under GoI-UNDP-USAID Project  
“Developing Resilient Cities through Risk Reduction in the context of  
Disaster & Climate Change”**

**Conference Hall, Biju Bhawan, CMC, 09.06.2017 at 2.30 pm**

**Background:**

RMSI, a national level organization has been engaged by UNDP for early warning system study and developing action plan to strengthen last mile connectivity under the GoI-UNDP-USAID partnership Project. The first consultation on Hazard Risk and Vulnerability Assessment of Cuttack City was held on 21.02.2017 at 3.00 pm in the Conference Hall of Biju Bhawan, Cuttack Municipal Corporation. In the last consultation various past experiences w.r.t disasters in Cuttack city like flood, cyclone, waterlogging, heat wave, health related hazards, festival related disasters, earthquake, road accidents are discussed. The study/assessment is to access the extent of risk and vulnerability of Cuttack City, particularly to Climate Related Hazards. The outcome of the exercise is expected to help in identifying a set of structural and non structural steps that City Administration and other Stakeholders can take to mitigate the risks posed by various hazards. It also aims to consider future Climate Change Scenarios so that the development activities accommodate this to reduce the impact in the medium and long term.

**Scope of Work:**

- **Component 1: Multi Hazard Mapping and Analysis.**
- **Component 2: Development of Exposure Database at City Level with Ward Level Resolution**
- **Component 3: Vulnerability Assessment (Physical, Economic, Social and Environment)**
- Component 4: Risk Assessment
- Component 5: Capacity Assessment at Community, Ward and City Level
- Component 6 : Priority Areas for Risk Reduction and Action Plan to build Resilience

**Objective: Meeting /Consultation is to share and get feedback /Suggestions on the Draft Report prepared for Component 1,2 & 3**

HRVA Draft report of Cuttack City for Hazard Mapping, Ward Level Exposure and Vulnerability Assessment was presented by RMSI to the City, District and CMC Stakeholders on 09.06.2017 at 2.30 pm in the Biju Bhawan Conference Hall in a meeting conducted under the Chairmanship of Mayor, CMC. Various Suggestions/Feedback came up which will duly taken care up during the final submission of Report. The HRVA report will definitely help the CMC and other City /District Deptt.s in the Preparedness as well as response Planning.
